

## Blotting Papers, Hahnemühle

Recommended for blotting techniques with gels, such as southern, northern and western blots and semidry blotting of proteins

- Made from ultrapure raw materials, entirely without additives, to ensure that no contamination of gels and membranes will occur during the transfer steps
- Uniform capillary strength and even transfer of liquids
- High wet strength for safe handling

### Technical specifications:

| Grade | Properties        | Surface | Thickness | Weight               |
|-------|-------------------|---------|-----------|----------------------|
| BP002 | medium absorbency | smooth  | 0.35 mm   | 192 g/m <sup>2</sup> |
| BP003 | medium absorbency | smooth  | 0.9 mm    | 320 g/m <sup>2</sup> |
| BP005 | high absorbency   | smooth  | 1.5 mm    | 570 g/m <sup>2</sup> |

| Grade | Size<br>mm | Order No.          | PU<br>Sheet/Pack |
|-------|------------|--------------------|------------------|
| BP002 | 460 × 570  | <b>10 15 94657</b> | 100              |
| BP002 | 580 × 600  | <b>10 15 95860</b> | 100              |
| BP003 | 580 × 600  | <b>10 15 95861</b> | 50               |
| BP005 | 580 × 600  | <b>10 15 95862</b> | 25               |

Other sizes on request.
